**RE: QIA Update to Technical Comments Status - Baffinland Iron Mines Corporation's
Type 'A' Water Licence 2AM-MRY-1325 Amendment 2**

Dear Ms. Kubeisinova,

Baffinland Iron Mines Corporation (Baffinland) submitted an updated Amendment 2 package for the Type 'A' Water Licence 2AM-MRY-1325 (the Licence) to the Nunavut Water Board (NWB) on March 8, 2022. On March 14, 2022, the NWB distributed the submission to QIA, among others, and requested that intervenors submit responses on or before March 30, 2022.

QIA has reviewed Baffinland's submission and confirms that the status of QIA's technical comments are accurately reflected. QIA does not have any further information to offer at this time and will continue to engage with Baffinland to resolve remaining technical comments.

Sincerely,

Chris Spencer
Manager, Regulatory Affairs
