

## APPENDIX C.1.1

### As-Built Report

#### Additional Crusher Pad Laydown (Crusher Aggregate Pad)

As originally submitted to the NWB on December 19, 2024, in the letter titled *notification of Construction of Mine Site Laydown Area – Type ‘A’ Water Licence 2AMMRV1325*, construction work was completed to create a new laydown area south of Crushing facility at the Mine Site. Details of the construction are in Table 2.1, and plans to expand the area are listed as Work Plan Item 2026-10 in the 2026 Work Plan submitted to QIA on October 31, 2025.

An As-built survey of the completed pad is presented as Figure C.1.1.
