Hello Sean,

There was a mix-up in shipping.

The security adjustment was received at our offices several hours ago.

QIA has now received the security adjustment associated with the 2017 Work Plan.

Hello Sean,

In further reply, as of today QIA has still not received a payment, or form of payment, for the additional security associated with the 2017 Work Plan.

I have requested the shipping information from Baffinland, copied here, to verify the location of the security being sent to QIA.

Again, QIA pledges to provide the NWB with a confirmation that additional security is received as soon as it arrives in our offices. Until such time there is really no further update I can provide.

Thanks. SWB

Sean,

I can confirm that Baffinland has provided QIA with a scanned copy of the revised security amount that is being posted to QIA in accordance with the joint submission submitted to the NWB, see attached.

I will confirm once QIA has received the original version of the security being posted. Due to staff travel next week, it may take until April 24th to confirm receipt of the original document.

I have copied Mr. Wayne McPhee on this email such that he can confirm the accuracy of my response to you here.

Regards, Stephen.

Hi Stephen

Could you please confirm whether or not Baffinland posted the additional reclamation security for IOL since we last communicated on this topic.

Regards,

Sean

Hello Sean,

It took me some time to verify with our finance department, due to my own travel and members of that department being out of town as well.

As of today no amended letter of credit has been received by QIA.

As we always commit as soon as one arrives at our office we will produce a copy to NWB.

Please let me know if you have any other questions.

Hi Steven,

Could you please provide an update as to whether or not the reclamation security associated with the land lease for the above-mentioned file has been posted.

Regards,
