Hi Assol,

Following internal review completed Monday, there are additional items to be removed from the scope of the 2020 Work Plan, above those indicated in draft in Baffinland's Dec. 30, 2019 submission to the NWB. Baffinland is targeting submission of the revised Work Plan for tomorrow (Wed. Jan 21), but not later than end of week.

Baffinland thanks the NWB and all intervenors for their patience in this matter, as Baffinland continues to adjust to the repercussions of the NIRB's adjournment of the Phase 2 hearing and revised timeline. Should you have any questions or concerns in the interim please feel free to contact myself to discuss.

Thank you,

Christopher Murray | Environmental & Regulatory Compliance Manager

Hello Assol,

Based on ongoing internal review, Baffinland Iron Mines (Baffinland) will not be able to submit the revised 2020 Work Plan and associated Marginal Reclamation Security Estimate this week as discussed during the Annual Security Review teleconference. Following an internal meeting scheduled for Monday January 20, Baffinland will be able to provide a revised timeline for submission

next week. Baffinland acknowledges the potential impact this may have on the timeline for the ASR process. In the interim should you have any questions or concerns please feel free to contact myself to discuss.

Thank you,

Christopher Murray | Environmental & Regulatory Compliance Manager
