To whom it may concern,

Please note that QIA will not be in a position to submit its 2021 Security Determination to the Nunavut Water Board on or before December 10, 2020 due to external factors. Instead, the 2021 Security Determination will be submitted to the NWB on or before December 31, 2020. For your reference, this updated timeline reflects the timeline for the annual adjustment to reclamation security defined in the QIA-BIMC Commercial Lease. In future years, QIA will strive to submit the Security Determination in advance of our Commercial Lease obligations to support the work of the NWB and participating parties.

QIA regrets that this may result in an additional revision to the NWB's ASR timeline. Please feel free to contact myself to discuss this situation at any time.

Regards,

Chris
