Hi Assol,

Thanks for the reminder. I have included two considerations for your review:

QIA Reclamation Security Determination Submission (December 14, 2021)

Please note that QIA and Baffinland have an established process for the annual determination of reclamation security outlined in the QIA-Baffinland Commercial Lease. As per the lease, QIA is obligated to submit its determination of reclamation security on or before December 31, 2021. This deadline exceeds that proposed by the NWB. Our team will strive to meet both timelines, but may require an extension with the NWB if external factors delay our security determination development process.

QIA Submission of Materials for NWB Teleconference (January 4, 2022)

I would also like to highlight that QIA offices will be closed from December 17, 2021 – January 4, 2022 (tentative). With that in mind, I would simply request that the proposed January 4, 2022 deadline for the submission of presentation materials be pushed to January 7, 2022 to ensure QIA staff are able to review new information submitted during the closure prior to developing presentation materials.

Please feel free to give me a call to discuss.

Regards,

Chris

Hi Chris,

I was wondering if the QIA has any comments re: ASR agenda?

Copying Jared in case you are out of office.

Best regards,
