Good Morning,

Please see attached correspondence from CIRNAC and QIA in regards to Licence No: 2AM-MRY1325 Annual Security Review and 2023 Work Plan. The Nunavut Water Board will provide a follow up shortly. This is being distributed for information.

Copies of all documents received in support of this submission can be accessed through the NWB's Public Registry and FTP site using the following Link:

<ftp://ftp.nwb-oen.ca/registry/2%20MINING%20MILLING/2A/2AM%20-%20Mining/2AM-MRY1325%20BIMC/3%20TECH/2%20SECURITY%20%28C%29/2023>

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:

If you have any questions or concerns please let me know.

Regards,

Robert Hunter  
Licence Administrator
