Good afternoon,

The Nunavut Water Board acknowledges receipt October 27, 2023, of the attached request from Baffinland Iron Mines Corporation to extend the deadline for submission of the 2024 Work Plan and Security Estimate normally submitted each year by November 1, to the requested deadline of December 1, 2023. The Nunavut Water Board would like QIA and CIRNAC to confirm whether or not there are any concerns/ questions regarding this request by the deadline of **November 3, 2023**.

Copies of all documents received in support of this submission can be accessed through the NWB's Public Registry and FTP site using the following Link:

<ftp://ftp.nwb-oen.ca/registry/2%20MINING%20MILLING/2A/2AM%20-%20Mining/2AM-MRY1325%20BIMC/3%20TECH/2%20SECURITY%20%28C%29/2024>

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:

Please let me know if you have any questions or concerns.
