Good afternoon,

This is a follow-up as the Nunavut Water Board has not received any correspondence from the QIA and assumes that they do not have any objections to Baffinlands request for extension. Please find attached the Updated Timeline and response from CIRNAC regarding the 2024 Annual Security Review Process for BIMC's Water Licence No: 2AM-MRY1325 Mary River Project.

The attachment's have been saved and can also be found at the following link:

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:
