Thanks, Fai.

NWB does not waive the requirement. Rather, it was looking singularly for QIA's input on the response received to QIA's inquiry only.

Hello Assol,

Baffinland's response does not include signed and stamped "For Construction" drawings by a Professional Engineer as required by the Water Licence.

If the NWB considers that the requirement to provide “For Construction” drawings can be waived based on the response Baffinland provided that will be acceptable to QIA. Given the nature of the work and that it is being completed in a previously impacted area, what is important for QIA is that As-Built drawings be provided following construction as per Article 6.4, Item c) of the Lease and Part G, Item 6 and Schedule D of the Water Licence. QIA requires As-Built to maintain a record of what is on IOL.

Thanks, Fai
