Hi all, Erik noted that INAC's process has been triggered, and reports will be forthcoming. I will send any further inquiries on this to Erik's department, and the NIRB looks forward to receiving documentation as appropriate for our public registry in due course. Todd, if there is anything further that Baffinland would like to note on this, we will ensure it is represented on the public registry along with any follow up reports or the annual report.

Subject: NIRB 08MN053: inquiry on machinery breaking through the ice

Hi all,

We received a call late last week noting a potential incident with a piece of Baffinland's machinery having broken through the ice in a freshwater lake around km 80 of the Tote Road. I was hoping to get some clarity on any possible incident.

Best regards,

Tara Arko
