Hi,

ECCC provided several comments on the previous iteration of the AEMP and we would like to review the proponent's efforts to address them before commenting on this version. Unfortunately we will be unable to meet the January 15th deadline due to other commitments. ECCC would, therefore, like to request that the NWB extend the commenting period on the Baffinland AEMP to Jan 22.

Please contact me if you require further information.

Thanks

Mark Dahl
