Dear Parties,

The Nunavut Water Board (NWB) acknowledges receipt on December 7, 2016, of Agnico Eagle Mines Ltd.'s (AEM) submission related to the completeness review comments with respect to the Type "A" water licence application for the development of Whale Tail Pit Project. The information is available at the following link:

The NWB has been also advised by AEM that additional information stated in its response 1.1 shall be submitted prior to the technical review stage in January, very likely at the time of its IR's submissions to Nunavut Impact Review Board (NIRB).

The NWB would like to remind parties that the acknowledgment of complete application, inviting parties for the full formal technical review will be made in January following the receipt of IR's Responses by NIRB.
