Good afternoon,

In your March 13, 2017 letter, you requested comments on the draft agendas for the Whale Tail Technical Meeting and Pre-Hearing Conference that will take place in Baker Lake, NU, from April 27 to May 2, 2017 (NIRB File No. 16MN056 / NWB File No.: 2AM-WTP - - - -).

I am responding on behalf of the federal departments including Indigenous Affairs and Northern Development, Fisheries and Oceans, Environment and Climate Change, Natural Resources and Transport Canada.

The federal departments have conducted a review of the draft agendas and do not have any comments.

Regards,
Laurent Jonart
