Good day Richard,

This email is to request an extension regarding the submission of the 2020 Annual Report, required under Water License 2AM-WTP1830 and 2AM-MEA1530, due on March 31, 2021. Agnico is requesting this extension as some important reports from consultants will not be available until the official submission date. Given the numerous information provided in this report to fulfill all of the various requirements, this delay is also required to ensure that a good review of the report is done prior to official submission. Agnico already put in place measures to ensure the submission of the report will be done on or before April 16 2021, if the extension is granted.

Thank you for your consideration

Regards,

**Marie-Pier Marcil** | Environmental Project Coordinator Interim
