Good morning Richard,

Agnico Eagle has conducted an in-depth review of Appendix 17 - Baker Lake Bulk Fuel Storage Facility Performance Management Plan Version 6.1 and has discovered that there is some information within Appendix D of Appendix A6 that is not required for publication.

Would it be possible to update Appendix 17 of the 2021 Annual Report on the NWB FTP site with the latest version that has been included on the Meadowbank Complex 2021 Annual Report OneDrive?  [Meadowbank Complex 2021 Annual Report](#)

Additionally, this information was also included in Appendix D of the Baker Lake Fuel Tank 8 Construction summary report that was submitted to the NWB on January 17th, 2022. Would it be possible to update Appendix D for this summary on the NWB FTP site as well? I have updated the OneDrive folder with the appropriate document here:  [2AM-MEA1530 Baker Lake Fuel Tank 8 Construction Summary Report](#)

My sincere apologies for the inconvenience. Please let me know if you have any questions.

Regards,
