

**RE: Meadowbank Complex – Whale Tail SANA Crusher Pad Design Report**

 $\Delta^5 \Delta \Delta^C$  $\text{b} \mid \text{c} \triangleleft \text{b}$ 

Dear Richard,

The Kivalliq Inuit Association (KivIA) has reviewed the Whale Tail SANA Crusher Pad Design Report and attached design drawings. The KivIA has no comments or questions related to the crusher pad design, at this time.

 $\Delta^L_{\text{acc}} \approx 10^{-6}$ 

Chesterfield  
Inlet

The KivIA expects to be informed of AEM's continued monitoring and mitigation of the dust associated with the construction and ongoing crushing and storage activities related to this pad.

The KivIA would like to thank the NWB for the opportunity to review and comment on these documents.
