RE: Whale Tail Dike Construction and Dewatering

The Kivalliq Inuit Association (KivIA) has completed a technical review of the following documents related to the Nunavut Water Board (NWB) Type A Water License 2Am-WTP1830:

1. Water Quality Monitoring and Management Plan for Dike Construction and Dewatering, Agnico Eagle Mines Limited, Version 3, May 2020.
2. Dewatering Phase Pumping System Design Report, SNC Lavalin, May 22, 2020.

The KivIA appreciates the opportunity to review these documents and has no issues with the designs, management plans and monitoring plans provided.

The KivIA looks forward to reviewing the data and final results related to this work in the 2020 Meadowbank / Whale Tail Annual Report.

Regards

Luis Manzo P, Ag.
Director of Lands
Kivalliq Inuit Association
