Dear Richard

RE: Design Report for IVR D-1 Dike, Licence 2AM-WTP1830

The Design Report for IVR D-1 Dike has been reviewed by the Kivalliq Inuit Association (KivIA).

The KivIA has no concerns with this submission. The KivIA is encouraged to see a spillway as part of the dam design. This will assist with minimizing the impact of higher water levels on the integrity of IVR D-1. The KivIA looks forward to reviewing the monitoring information in the proponents annual reports.

Regards

Luis Manzo
