**Re: Water License 2AM-WTP1826 Part D, Items 1&2 - Submission of Final Design and Construction Drawings for Whale Tail Dike**

Mr. Kharatyan, Mr. Dwyer,

Agnico Eagle Mines Limited, Meadowbank Division is proposing to develop the Whale Tail Pit, a satellite deposit on the Amaruq property, as a continuation of current mine operations and milling at the Meadowbank Mine. The Amaruq property is a 408 km<sup>2</sup> site located on Inuit Owned Lands, approximately 150 km north of the Hamlet of Baker Lake and approximately 50 km northwest of the Meadowbank Mine in the Kivalliq region of Nunavut.

As part of this Project, the Whale Tail Dike will enable mining of the open pit by dewatering the northern portion of Whale Tail Lake. It will be located on a shallow plateau of the lake floor in approximately 2 m of water.

In accordance with pending Water License 2AM-WTP1826, Part D, Items 1 and 2, please find enclosed with this letter, a copy of the final design and construction drawings for the Whale Tail Dike. Agnico Eagle is planning to start building this dike upon Board's approval.

Should you have any questions regarding this submission, do not hesitate to contact me.

Regards,

**Agnico Eagle Mines Limited**
