Good morning,

The Nunavut Water Board acknowledges receipt May 28, 2024 of the updated Whale Tail Waste Rock Management Plan Version 13 and Water Management Plan Version 13, earlier submitted as part of 2024 Modification Request 2AM-WTP1830.

Please note these plans were already distributed for comments on May 6, 2024. The most recent updates include updates to the document control sections of both plans to better reflect revisions to their earlier versions i-e; Version 12 submitted along with their 2023 Annual Report.

They've been saved to the ftp site at the following link:

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:
