Dear Ms. Beaulieu,

**Re: Application for Renewal of Water License No. NWB1BOS0106 – Boston
Advanced Exploration Camp**

Pleased find attached three copies of an application to renew water license NWB1BOS0106 for the Boston Advanced Exploration camp on the Hope Bay Belt in the West Kitikmeot region. We are requesting a renewal license term of five years. Exploration is proving to be successful and Miramar Hope Bay Ltd. anticipates that the project will be taken to a feasibility study within this time frame.

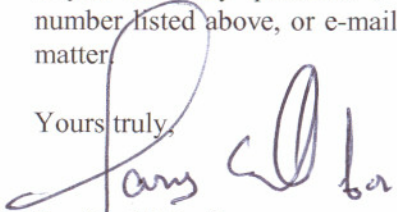

Please find the following documents in support of our renewal application enclosed:

- A completed NWB Water License Application Form designating this submission as a RENEWAL;
- A completed NWB Water License Application Supplementary Questionnaire for Advanced Exploration including an attached map (Appendix A);
- Executive summary in English and Inuktitut;
- A cheque in the amount of \$ 60.00 for the application fee and water use fees;
- A Closure and Reclamation Plan for the Boston Exploration Camp; and
- An Emergency Response and Contingency Plan for the Boston exploration site.

As mentioned above, this water license application is for a Renewal of the existing water use license for the Boston advanced exploration camp. It should be noted that there are no planned significant changes in the exploration activities or camp operation proposed at this facility in the license renewal application.

If you have any questions or concerns regarding this submission, please contact me at the telephone number listed above, or e-mail me at tmaloof@mirarmining.com . Thank you for your assistance in this matter.

Yours truly,

Terri L. Maloof

Manager, Environmental Permitting and Compliance Monitoring
