**RE: Boston Solid Waste Site Proposal**

The Nunavut Impact Review Board (NIRB) screened the Boston Water License Renewal for the Nunavut Water Board (NWB) in 2001. The application that was screened at that time mentioned the possibility of a future solid waste disposal facility and provisions were incorporated into the Water License to allow for this future development.

Since the NIRB screened for this possibility in 2001 and the NWB will apply the appropriate terms and conditions the NIRB does not see he need to screen at this time.

Please contact me at (867) 983-2593 if you have any questions.

Yours truly,
