Richard Dwyer Licensing Trainee Nunavut Water Board P.O. Box 119 Gjoa Haven, NU X0B 1J0

By e-mail: licensingtrainee@nunavutwaterboard.org

Dear Mr. Dwyer

Re: Miramar Hope Bay Ltd. – Boston Project – Type B Water Licence Renewal

The KIA has reviewed the Type "B" water licence renewal application submitted to the Board by MHBL on April 26, 2007, for water use and waste disposal associated with exploratory drilling& camp operations for the Boston Project, in the Kitikmeot region of Nunavut.

As MHBL do not plan for any significant change in the current exploration activities permissible under the existing licence for this site, the KIA has no objection to the renewal of this licence under the existing conditions and requirements for the requested period of five years.

Following renewal of this water licence the KIA will be re-assessing reclamation security for MHBL activities on the Hope Bay Belt.

Please feel free to contact us if you have any questions.

Sincerely,

Kevin Tweedle Environmental Technician Kitikmeot Inuit Association Mail: P.O. Box 360,
