Subject: Re: 2BB-BOS0712 Portal Water Discharge Notification
Date: Tuesday, August 16, 2011 7:04:48 AM

Hi Angela,

I have reviewed the water quality results you provided for the Boston Project - Mine portal water. Based on the results AANDC has no issues with the discharge of water from the portal. However, regular sampling is required during the discharge period to ensure that the water quality does not exceed the water licence criteria as the levels go down in the portal. Please forward all water quality analysis as soon as they are received.

Regards,

Ian Rumbolt

Hello Ian and Phyllis,

Please see the attached discharge notice for the Boston mine portal water. This water is compliant with the discharge criteria for BOS-2, and the complete lab report is attached.

Your acknowledgement of this notification is appreciated. Please do not hesitate to contact me with any questions or concerns.

Angela
