Hi Phyllis,

Like we talked about on the phone, I've attached the Boston STP Operations and Maintenance Manual version 1.3 produced by FSC. This version should print the stamps. In my July 28 e-mail with the updated plan I sent two separate documents (Ops and Maint Plan + Sewage Sludge Alternatives). I've combined the Ops and Maintenance Manual with the Sewage Sludge Alternatives this time because they should really be in the same document.

Let me know if you have any questions about this.
