NOTE TO FILE – July 23, 2012

Newmont sent email advising that the Boston Closure Plan received on July 13, 2012 is not being submitted to provide further detail to the closure plan submitted in January 2011.

Verbatim: "So to correct the statement in my cover letter, we did not submit a closure plan in January 2011 that related to Boston. The Boston closure plan I sent you earlier this month is actually the first update to the Boston Plan since the 2007 application renewal."
