Re: Boston Camp Revised Interim Closure Plan-TMAC Resources Inc., Licence No. 2BB-BOS1217

Dear Lea-Marie Bowes-Lyon:

On May 26, 2014 TMAC Resources Inc. (TMAC) submitted to the Nunavut Water Board (the Board or NWB) the document entitled Hope Bay Project Boston Camp Revised Interim Closure Plan (the Closure Plan), an update of the July 2012 Closure Plan submitted by the previous Licence holder, Hope Bay Mining Limited.

In its submission of May 26, 2014, TMAC indicated that the original Closure Plan had been modified to reflect the modifications requested by the Board on the Licence Assignment Letter¹ and the November 2013 Board letter². It was also requested that the NWB confirm in writing that this Closure Plan is approved as submitted and fulfills the requirements for compliance with the Water Licence.

The Board has determined that the Plan fulfils the requirements outlined in NWB Licence 2BB-BOS1217, and hereby approved the plan under Motion #2014-B1-022
