Hi Oliver

Box 4 of the Water Licence Application Form for Doris Amendment states that 3 camps will be established, one located in Doris (the original will be expanded) and the other two located in Madrid.

However, the Project Description only lists the Doris camp , no Madrid camps are listed.

Furthermore, the 2BB-MAE authorizes two offices located in Madrid (it is not the same than camps).

Please, could you clarify. And if Madrid is going to have camps, the number of people should be stated for each camp (MN and MS)

Regards

--

Hi Sonia, this may be a terminology discrepancy. I can confirm that we are applying to expand the accommodations at the Doris Site. We are not applying for accommodations at Madrid North or Madrid South.

However, in Box 4, our interpretation was that a "camp" was a site that supports various infrastructure. So although we are applying for expansions to accommodations at Doris (and extending it's life) we are only applying for expansion for infrastructure and facilities that will support mining at Madrid North and Madrid South.

Table 1.2-1 in Package 2 is a good reference.

Hope this helps.

Oliver
