**RE: Technical Review of the 2017 Annual Reports for the Hope Bay Belt Project, Type  
“B” Water Licence No. 2BB-MAE1727, 2BB-BOS1727, and 2BE-HOP1222.**

---

Dear Mr. Curran:

The Nunavut Water Board (NWB) has completed a technical review of the 2017 Annual Reports for Type “B” Water Licences 2BB-MAE1727, 2BB-BOS1727, and 2BE-HOP1222 (Licences), issued for exploration mining and bulk sampling activities at the Hope Bay Belt Project. These reports were received on March 29, 2018, from TMAC Resources Inc. (TMAC or Licensee), submitted as a requirement under Part B of the Licences. The annual reports were submitted as part of the Hope Bay Belt Project 2017 Nunavut Water Board Annual Report package, dated March 2018.

On April 16, 2018, the NWB acknowledged receipt of the Annual Report and provided it to the Doris North distribution list for information. No comments on the Licences have been received to date. The technical review of the Annual Report found the reports to be complete and the information provided addresses the requirements of the Licence.

Should you have any questions, please feel free to contact the undersigned at (867) 360-6338, ext. 32, or by email at [derek.donald@nwb-oen.ca](mailto:derek.donald@nwb-oen.ca).

Sincerely,

---
