Objet : Re: [EXTERNAL] Re: Licence 2BB-MEA1828 application for amendment

The camp proposed is for 75 workers so we can expect a use of water of about 8-12m³/day. The lake itself has an area of approximately 220 000m², the planned use of water seems marginal. Should water be required in sufficient volume that the source may be drawn down, an application to the Nunavut Water Board could be submitted and this could included the volume required, a hydrological overview of the water body, the impacts anticipated and proposed mitigation measures.

Good Morning,

Please find attached documents required to apply for an amendment to the water licence 2BB-MEA1828:

NWB form: 2BB-MEA1828 amendment application 20191113.pdf

NPC conformity determination: 149209 - LUP - Not a Significant Modification - screening not required.pdf

Applicable NIRB decision: 161005-11EN010 Screening Decision Report-OT3E.pdf

List of meetings conducted: Amaruq meetings 2019-10-29.pdf

Spill Contingency Plan: Spill Contingency Plan 2BB-MEA1828_2BE-GOT1924_version 12.pdf

Project description : Main application document_Amaruq explo camp.pdf

The \$30 application fee will follow by mail. For the \$30 concerning the water use, could you confirm that this amount is not required since there is no increase of the annual water use (already paid).

Should you need additional information, please contact me,
