Good morning Richard

Email to confirm the amendment request for file 2BE MEA0813 will not require an NPC conformity determination. The terms to which the proponent agreed to on August 6, 2008 NPC review are still in effect under this amendment proposal and therefore must become part of any authorization issued.

Good afternoon,

Please see attached will the amendment application require an additional conformity review? I've attached previous August 6, 2008 conformity review.

Regards,
