Hello,

Thank you for your email.

The Nunavut Planning Commission (NPC) reviewed the attached applications and has determined that it does not change the scope of the originally reviewed project to an extent that would warrant a further review by the NPC at this time.

I have attached the terms agreed to as part of the applicable conformity determination which must form part of any authorisation or permit issued for this project proposal.

Please ensure that any change in the scope of the project is forwarded to our office for further review.

I have copied Nunavut Impact Review Board with this email for their information.

Please contact me should you have any questions.

Sincerely,

Brian Aglukark, NPC

Arviat

Subject: Amendment request LUP N2013F0030

Good morning,

Attached are the documents related to an amendment request for the LUP N2013F0030.

This request is to amend this permit to add an alternative path in case a winter does not provide enough snow coverage to use the primary path.

The original document with the fee payment will be sent to AANDC by Xpresspost.

Should you need more information, contact me.

Regards,

David Frenette
Environmental Coordinator
