Good afternoon David,

Thank you for your email.

NPC generally receives project proposals from authorising agencies.

At this time, the NPC does not have an application form from the Nunavut Water Board (NWB) RE: 2BE MEA1318. The Nunavut Planning Commission (NPC) also relies on the information provided by the authorising agency to carry out its conformity determination process. The moment the NPC receives the associated NWB application from the NWB, the conformity determination against the Keewatin Regional Land Use Plan will be initiated.

Should you have any questions or concerns, please do not hesitate to contact me at 867 857 2242 or email at aglukark@nunavut.ca

Mutna,

Brian Aglukark, NPC
