Hi David,

Thank you for the information. It would be great if you could provide the new Extents Coordinates that you want to be included in the Amendment.

Hello Karén,

You're right, some new claims were added. I wrote a sentence on that at the point 4, but if you need precision on that just to tell me your needs.

I attached a map showing the main components of the site. You'll see on the map the location of the gravel roads planned. A total of +- 9km of gravel roads are planned for the exploration activities.

For the culverts required, we don't have any design yet. A field evaluation will be required before the installation of any culverts to evaluate the needs.

**Objet :** 2BE-MEA1318 Amendment 2 Application

Hi David,

A couple of small questions related to the application for the Amendment to the 2BE-MEA1318:

Looking at the Claims location map, it seems that the claims are slightly out of the Project extents (more specifically a little above of Latitude 65°30') approved with Amendment 1. Could you confirm whether the Project Extents remain the same or you want to update them?

Also you mention that a road up to the pits will be required. No design specifics are however provided. Could you please advise on the type of road (winter or all-weather), how long, are there water crossings or not if it would be an all weather road, any available drawings/map?

Regards,

Karén Kharatyan, Ph. D- ԵՂԵՐԵՐ ԵՄԵՐԵՐ
