Hi David,

This is to make you aware that the NWB received comments from AANDC regarding the "Amaruq Gold Project WWTS O&M Plan that was submitted as per Item E6 of the Licence.

Given the minor nature of comments this wouldn't take an extensive time. You could also include within the update that the Monitoring Station MEA-1 (Section 2.5) is likely to become MEA-2 as requested in the submission for Amendment 3.
