Hi David,

This is to make you aware that the NWB received comments from AANDC regarding the "Amaruq Gold Project WWTS O&M Plan that was submitted as per Item E6 of the Licence.

You may want to have a look at the comments and update the Plan accordingly asap so we could include it's approval with the issuance of Amendment 3, hopefully soon (still waiting for NIRB decision).

Given the minor nature of comments this wouldn't take an extensive time. You could also include within the update that the Monitoring Station MEA-1 (Section 2.5) is likely to become MEA-2 as requested in the submission for Amendment 3.

Regards,
