The Nunavut Water Board acknowledges receipt on March 4, 2014 of information to amend the above water licence. On April 11 and 23, 2014 additional information was also received to amend and renew the licence. The application form for amendment, received in March will be removed from the application package and has been replaced with the renewal application. All other information provided will be considered for the amendment/renewal.

Currently the file is being reviewed by Karen Kharatyan for technical completeness. Once the application is accepted the file will go out for a 30 day review and comments.

Regards,
