Good Morning Phyllis,

I am writing to you with respect to water licence 2BB-MEL0914. The NWB informed Comaplex Minerals, by way of a letter dated May 10, 2010, that "the NWB will require evidence of the security having been provided, or the submission of an agreed upon framework that will work towards a timely solution to the issue of Non-Compliance with Part B, Item 2 of the Licence."

I am pleased to relay that INAC is satisfied that Comaplex has provided sufficient evidence of security being furnished in accordance with Part B, Item 2 of the Licence. (see attached document).

As a result, INAC would be in support of a release to the hold on all Comaplex licence applications.

Should you have any questions, please feel free to contact me at the coordinates provided below.

Regards,

Tanya

To All Involved,

The Letter of Credit for \$649,000 has been couriered to INAC in Iqaluit by the CIBC. A copy of it is attached.

Comaplex would appreciate it if the outstanding amendments could be expedited through the system, if possible. Thank you.
