Phyllis

I will like to inform you that KIA authorize the land field base in la last inspection carry out in the site last month the letter of amendment of the land fill was send long time ago I do not have a respond from NWB I call you office they say they will respond promptly I did not get a respond today that amendment was granted KIA do no like the situation no having a land fields in site they will use the same practices and manuals from Meadow Bank site I do not find anything irregular also in the case of a land field to KIA find this structure a necessity and we way for NWB to respond at this time we are to close to the winter you well know that activity can happen if winter get in the way I suggest NWB to find a different approach We do not like the environmental situation because of a delay from NWB part I will send the document for you consideration but the land authorization has been done  
Thanks
