Dear Ms. Bolt, Mr. Dwyer

## RE: NWB 2BB MRY0710 – Baffinland Mary River project – Water License Renewal Jan. 2011BU

The Nunavut Planning Commission (NPC) received an application for renewal to the NWB Water License 2BB MRY0710 on January 6, 2011 from the Baffinland Iron Mines Corporation to extend the current NWB authorization for five (5) years. The renewal request does not include any amendments to its current project which includes exploration, engineering, scientific studies and on-going maintenance and minor upgrades as required to existing infrastructure.

This letter is a confirmation that the renewal request to NWB 2BB-MRY0710 will not require a NPC conformity determination to the North Baffin Regional Land Use Plan..

The terms to which the proponent agreed to in its conformity determination on February 8, 2008 are still in effect and must be part on any new authorization issued. Any questions concerns, please do not hesitate to contact me at 867 857 2242.

Thank You,

Brian Aglukark, NPC
