Subject: RE: 2BB-MRY0710 Amendment to camp and drilling operations
Dear Phyllis,

Please be advised that the NIRB is screening this amendment as it also contains an amendment to the INAC LUP (INAC # 2006C0036) and is therefore not exempt under Schedule 12-1. As per 12.10.1, we request that "no licence or approval that would be required in order to allow a proposed project to proceed shall be issued in respect of a project that is to be screened by NIRB until the screening has been completed" (we will forward our screening decision).

Please don't hesitate to contact me if you have any questions.

Best regards,

Leslie
