Subject: 2011 A&P plan CLARC consultation

Mike,

I wanted to confirm that we were unable to complete the QIA CLARC consultation as is require by the QIA A&R Policy prior to submission of the 2011 A&R Plan.

I made a number of attempts to initiate consultation meetings with the Pond Inlet and Igloolik CLARCs in January, 2011. The QIA advised me that it was their desire to initiate the local community consultation meetings. I made a number of offers by email and telephone to support the scheduling of the meetings – No feedback has of yet been provided regarding a meeting as of the date of this submission. Unfortunately I will be reporting that no consultation has occurred to support this submission.

Dave

Qav,

Don't worry about next week. QIA has not gotten back to me and it now looks like plans have changed and I have to be in Toronto.

I will reschedule when I get back.

Dave

Hi Dave,

The translating equipment maybe in Iqaluit Office? For a small group meeting maybe you don't need them? It's up to you really, the overhead should also be in Iqaluit office, I will arrange an interpreter.

NOTE: Qav on business leave February 7 to 10, 2011. Going to Arctic Bay for Parks Meeting.

Regards...Qav

Qav & Nick,

I just wanted to follow up on the letter I sent to Salamonie earlier this week. Salamonie indicated that he normally makes the first contact with the QIA CLOs to let them know that a meeting is to be set up – So I am waiting to hear back from him with confirmation that everything is a go for the dates below.

He also indicated that they usually book the room etc... he indicated he would also confirm that.

I will need help from you guys to interface with the CLO to confirm all the details of the meeting once we get feedback from Salamonie. I will also need each of you to get a translator for the meeting. I have a couple of questions:

1. Who has the translating equipment? Do I need to arrange to get it to Igloolik and or Pond?
2. Do one of you guys have the electronic overhead project that Sean use to have or do you know where it is?

Matthew,

How have you been paying for translators in the communities?

If you guys could get back to me on those questions that would be great and I will let you know the feedback from Salamonie.

Thanks

Dave

Subject: Baffinland 2011 A&R Plan CLARC consultations

Salamonie,

Thanks again for the guidance on this. As discussed and as part of the development of Baffinland's 2011 abandonment and reclamation plan (A&R plan) I would like to request that a couple of meetings be scheduled for the purpose of consulting with the Igloolik and Pond Inlet CLARC committees as required by the abandonment and reclamation policy for Inuit owned lands.

As I indicated I will be travelling in the upcoming weeks and the preferred dates for me to coincide with those travels are as follows:

Igloolik – Either the evening of Monday, February 7th or during the day on Tuesday, February 8th (prior to the plane leaving Igloolik for Pond)

Pond Inlet – I am more flexible since I live in Pond. However, I propose anytime during the day or evening of Wednesday, February 9th or Thursday, February 10th.

I look forward to meeting with meeting with CLARC committees, receiving a response on the proposed dates and what their preference is for coordinating the meetings in the respective communities.

Thanks again,

Dave
