**Subject:** RE: 2BB-MRY0710 - Baffinland Iron Mines Corporation - Mary River Project - Request for Open Burning

Phyllis,

Environment Canada has no comments on the request for open burning. A review of the document indicates that the request is in conformity with the Nunavut Open Burning Position Paper which stipulates that burning is a suitable disposal option for segregated wood wastes. As noted in the position paper burning is not an acceptable disposal option for treated wood or unsegregated construction wastes.

thanks

Mark Dahl
