Good day:

We have been waiting for Board approval to commence open burning for some time now, since May 2008 (see attached request from Derek Chubb and board's acknowledgement). I have made several enquiries over the last several months but so far have not heard any news. At the present time we have a quantity of non-treated wood that we would like to burn, in an effort to further clean up the site. Can someone please provide some direction on this? I look forward to your response.

Thanks and kind regards,

Jim Millard, M.Sc., P.Geo.  
Senior Environmental Superintendent  
Mary River Project  
Baffinland Iron Mines Corporation  
cell 902-403-1337
