Following is the monthly report for February 2009 as required under Part I, Item 19 of Water License 2BB-MRY0710.

**SNP Sampling**

During the month of February 2009, samples were collected at MRY-4, as part of the SNP sampling program. A list of samples required under the Water License is found in Table 1 and details which samples have been collected, sample date and lab identification number for water chemistry samples. Analyses conducted for the SNP samples are presented in Table 2. Volumes consumed for domestic water at Mary River have been collected and are attached in Table 3.
