Back River Project Advancing

On December 8, 2015, the Back River Project's Final Environmental Impact Statement (Final EIS) received a positive conformity review from the Nunavut Impact Review Board (NIRB). The Project team will be heading to Cambridge Bay in April to attend the NIRB-led Final EIS hearings. These meetings are open to all interested parties.

Through the hearings, the NIRB will gather information and make recommendations to the Minister of Indigenous and Northern Affairs Canada (INAC) on whether the Back River Project should proceed. With INAC ministerial approval, a Project Certificate will be issued describing the various conditions Sabina will need to follow. In addition to a water licence and other required permits, Sabina and the Kitikmeot Inuit Association will also negotiate an Inuit Impact and Benefit Agreement (IIBA).

Keeping up to date

You can follow the Back River Project's progress at www.backriverproject.com and via twitter (@BRP_Sabina). If you have any questions, simply email us at backriverproject@sabinagoldsilver.com.
