Good morning Matthew and Max,

I hope you had good Christmas Holidays as well!

The NWB received comments from DFO and AANDC regarding the Back River Mine Pre-development construction 8BC-BRP— type B water licence application. As the application is still with NIRB for some time you may want to go through comments (especially DFO's) and provide responses directly to respective party and NWB.

You will also see that AANDC would be willing to provide actual comments after having and reviewing NIRB decision. That makes me think that once the NIRB decision is made some additional public review of water licence application could be required.

Regards,

Karén Kharatyan, Ph. D- ԵՂՁ ԵՏՈՂՁ

Karen/Dave,

I trust you had a great Christmas break! I just wanted to send you a quick thank you for the effort put into the NWB Technical Review Submission which was included in the NIRB Pre-Hearing Conference Report. It is clear you put a lot of effort and time into it. Your comments will be a big help in the Updated Draft Type A to be included in the FEIS.

Thanks so much for your comments. We will be initiating the majority of the work over the next 6 weeks and will be in touch should we have any questions.

Many thanks again,

Matthew & Max
