Dear Mr. Pickard:

The Nunavut Water Board (NWB) has completed a technical review of three amended plans submitted in 2018 as required by Water Licence No. 2BC-BRP1819. The technical review of the changes to the Road Management Plan; Comprehensive Spill Contingency Plan; and Interim Closure and Reclamation Plan found that the information addresses the requirements of the Licence.

Should you have any questions, please feel free to contact me, Dave Baines, at (867) 360-6338 (extension 29), at your earliest convenience.

Sincerely,

Dave Baines
Nunavut Water Board,
Technical Advisor
