Gjoa Haven, NU X0E 1J0

Dear Phyllis;

**RE: ADDITIONAL INFORMATION FOR AMENDMENT REQUEST
KIVALLIQ ENERGY CORPORATION
NWB FILE NO. 2BE-ANG0813**

This letter is to follow-up a conversation this morning with Stephen Lines at Tunaley, Lines & Associates in Calgary. Kivalliq's amended camp location is situated 27 km east of Yat lake, adjacent to a large unnamed lake which will be the new camp water source under this permit (see map). As per our applications and previous information letter, the coordinate for the proposed new camp site is:

- UTM 6937950mN / 527975mE, NAD83 Zone 14V
Or
- 62 degrees, 34 minutes, 17 seconds North
98 degrees, 27 minutes, 20 seconds West

For clarity, only a single exploration camp will operate on the property and Kivalliq does not intend to use Yat Lake and new location simultaneously.

If you have any further questions or require any additional information, please do not hesitate to contact me directly or Allison Rippin Armstrong, Environmental Consultant working on behalf of Kivalliq Energy Corporation, at (780) 995-2499, or by email, ar_enviro@yahoo.ca.

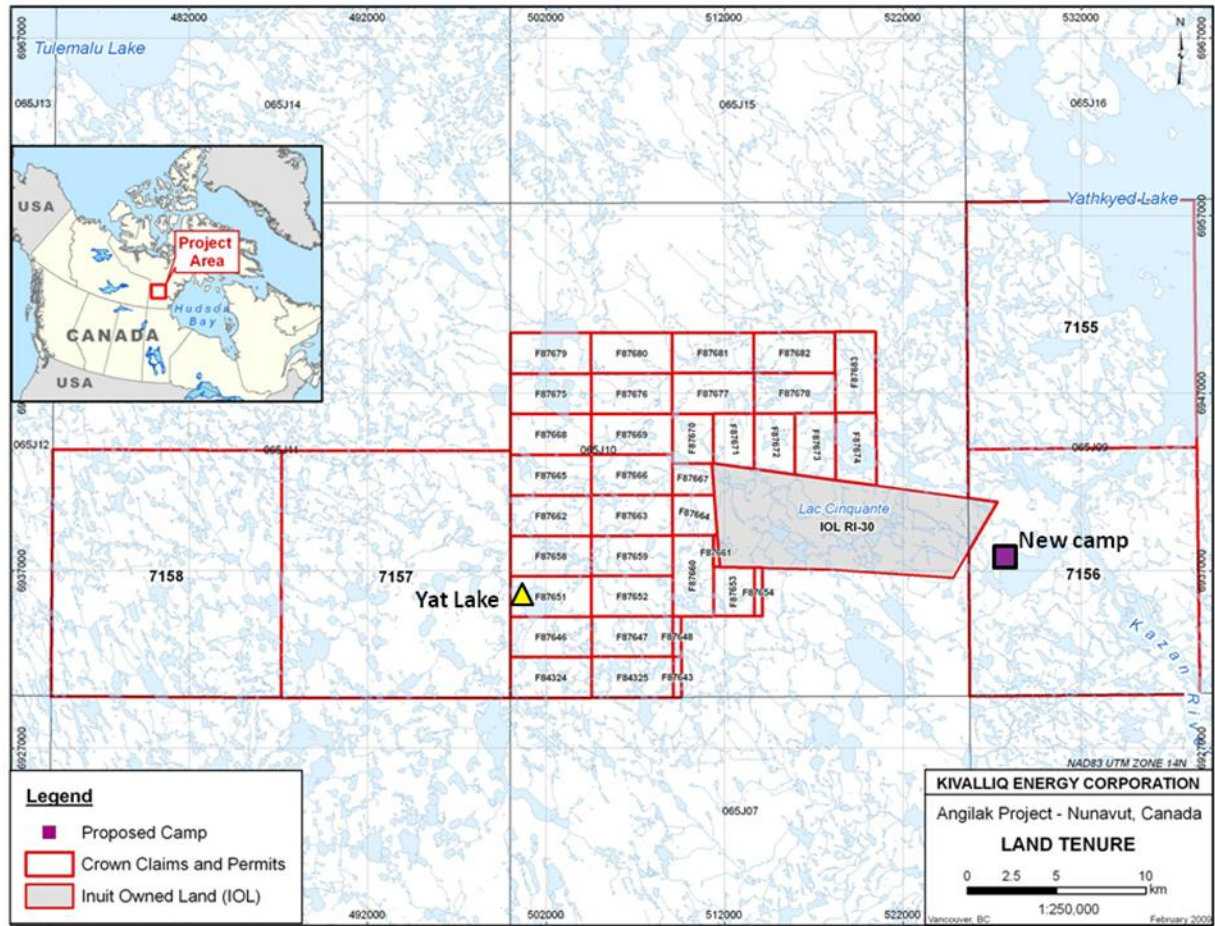

Sincerely,

Jeff Ward
Vice President of Exploration
Kivalliq Energy Corporation
